Watch for these Important Books

Some of the most significant books in Bethany Press' history will be released in the coming weeks.

THE CHRISTIAN CHURCHES AND THEIR WORK

by LOREN E. LAIR. This is first of a four-part study-in-depth of the organizational structure of the brotherhood and the efficiency, or lack of it, with which we carry out its mission. Dr. Lair's aim is to provide information, lift up the achievements, expose weaknesses, and to enlist the interest and concern of all in the brotherhood in changing and improving the structure. Pub. Date, Jan. 7, 1963. 10C977, \$3.50

REFORMATION OF TRADITION

edited by RONALD E. OSBORN. This is Volume I of the long-awaited Panel of Scholars' Reports, a five and one-half year study of Disciple history, tradition, beliefs, etc. Volume I discusses *The Historic Faith of Disciples*, *The Historic Churchmanship of Disciples*, and *Historical Influences Upon Disciples*. Pub. Date, Jan. 15, 1963. 10R433, \$4.00

PREACHING ON OLD TESTAMENT THEMES

edited by CLARENCE E. LEMMON. A book of outstanding sermons by a cross section of Disciple preachers. Sponsored by the Committee on the Ministry of the Home and State Missions Planning Council, it is a direct outgrowth of the conviction on the part of the commission that there is a general frustration on the part of many ministers in facing the task of preaching, but that good preaching is still the criterion by which ministers are largely judged, and by which most persons are led to accept Christ. Pub. Date, Jan. 15, 1963. 10P780, \$3.00

Order from Christian Board of Publication, or Bethany Bookstores, St. Louis, Indianapolis, Los Angeles.
